

# ROCK N ROLL REFEREES

## ALBUM REVIEW WORKSHEET

**Album Title:** \_\_\_\_\_

**Artist:** \_\_\_\_\_

**Year of Release:** \_\_\_\_\_

Listen to the album and answer the following questions to determine whether this album got a fair shake in music history. Remember, this review subjective, and your opinion matters. We'll use your input to decide if the ruling on the album's legacy should stand or if it should be overturned. Thanks for being a Rock N Roll Referee!

### 1. Initial Impressions:

- Do you like the album overall? (Yes/No)
- What are your initial thoughts and feelings while listening to it?

### 2. Hit vs. Miss:

- If there's a standout hit song, do you think it deserved its popularity?
- Were there any other songs on the album that you enjoyed?
- Did any songs feel like a total miss or fall flat for you?

### 3. Timing and Relevance:

- Do you think this album was ahead of its time? If so, how?
- Would it have fared better if it were released a few years earlier?
- Did it struggle to fit into the musical trends of its era?

### 4. Originality and Influence:

- Did the album bring something new and unique to the music scene?
- Did it sound too much like other artists or albums from the same time period?
- Did it influence later musicians or albums?

### 5. Under the Radar:

- Do you believe this album remained underrated or underappreciated?
- Were there hidden gems in the album that you feel should have received more attention?

### 6. Comparing to Current Trends:

- Could the album stand up to the current music trends and tastes?
- Did it have qualities that make it timeless, or does it feel dated?

### 7. Constructive Criticism:

- What constructive feedback would you provide to the artist or band if you had the chance?
- Is there anything you think could have been done differently to boost the album's success?

### 8. Final Verdict:

- Do you believe this album got a fair shake in music history? (Yes/No)
- What is your overall rating for the album on a scale of 1 to 10? (1 being the lowest, 10 being the highest)
